Dear Ones:

The electrons making up the physical heart and brain and body of each man come joyously from The Land of Love. In complating this Pure Light dispensed so freely by God many individuals experience a sense of unrighteousness and a feeling of unworthiness. Humbling oneself before the Wonder of The Almighty is good, but not when it gives a sense of emotional martyrdom. Such persons are depressing to themselves and to others not only by reason of their own radiation but because unconsciously they probe (in a sense mentally criticising) into the human natures of those around them which still requires refinement. This does not assist in your progress because it draws forth the baleful influences which are constantly being released by unascended beings when their personal selves are touched.

In relaxed contemplation the Holy Christ Self will pour forth His fragrance, joy, harmony and peace through every exquisite electron which composes the physical man. Blessing and acknowledging his lips and tongue each morning as being channels of God's Holy Breath the chela will speak with the voice of angels and bring harmony wherever he goes. Blessing his ears each morning he shall hear only the sounds of peace, for all else is illusion. Blessing his eyes he shall see only the beauty and goodness of God's Kingdom in each wayfarer he meets, in the flowers and growing things, yea, even in the very roads and pavements upon which he treads and which are made by God's strength and energy flowing through his fellowmen.

The Earth has now come to a point in its evolution when every man must come into agreement with The Law of his Being and discontinue creating discord and distress. Regardless of the present appearance of confusion being piled upon confusion the Earth is enfolded in the God-Power of Infinite Love and is undergoing birth-pains to bring forth The Age of Light, of Peace, of Harmony.

To each chela who, by his calls for the expansion of The Light, is assisting at this Birth, I pour the Strength and Calm Confidence of the Heavenly Host.

Love and Blessings

To the chela who asked what is the sin against the Holy Spirit :

The Sin against the Holy Spirit is absolute dispair of help from God, His Divine Messengers or His Fellowman. There is no individual Who cannot have assistance from the Father of Mercy and His Representatives as well as from dedicated unascended lifestreams upon the Earth.
